## County Chamber Of Commerce To Be Formed Aug. 2

Two resolutions, one to disband the Nevada County Board of Trade and the second to set up the mechanics for forming a county chamber of commerce, have been presented to the board of supervisors.

Under the terms of the resolutions, both of which are expected to be acted upon by the supervisors at the August 2 meeting, the initial membership of the county of commerce would consist of a board of directors composed of two supervisorial appointees from each of the five districts, and one member from each of the five active chambers of commerce.

Junior chambers of commerce would be excluded.

The five active chambers are Grass Valley, Nevada City, Rough and Ready, North San Juan and Truckee.

The 15-member board would meet to draw up the by-laws and review the current budget submitted by the board of trade. The by-laws and budget would be submitted to the supervisors for approval.

At the end of the first year of operation, the term of one of the appointed directors would expire and an election would be held with the requirement that the candidate be from the same district as the director whose term expires.

The actual term of a director would be determined by the by-laws, with the exception of the one and two year terms of the supervisorial appointees.

Supervisor Lou Hartman suggested that membership dues be limited to $20 so that every businessman in the county could take an active interest. The chamber would be partly financed through taxes and the balance by memberships.

## Hospital Project Gets Good Start

Progress has already started for the big community project of landscaping the Tahoe Forest Hospital grounds August 7th.

The sprinkling system pipes were installed this week in the small lawn area so it will be ready for lawn preparation. Drilling under existing cement walks was difficult.

Letters have been sent to all clubs in the area for support of the work day.

Several loads of rocks are still needed for the patio and walls so that the men can work with them on the 7th.

The Alpine Construction Company at Hill Top in Truckee has offered heavy equipment for the project.

Jack Houlgate of Clement's is organizing work to be done by the men.

Women will have food available for lunches and the 5 p.m. barbecue.

Chairmen of the Tahoe Forest Hospital areas are: Kings Beach, Marge Fellows; Tahoe City, Maxine Olsen and Nancy Brodie; Squaw Valley, Jean Van Wetter; Truckee-Donner, Lucille Quilici and Vi White.

A good turnout is expected for this worthy project.

The black topping for the parking lot is completed.

## SOCIAL SECURITY AGENT WILL VISIT

A representative of the social security administration will be in Truckee on Tuesday, July 26. He will be at the County Office building between 9 and 10 a.m.

He will be in Tahoe City at the Community Center (upstairs) between 1:15 and 2:15 p.m. the same date.

Anyone having questions about Social Security can contact at the locations listed.

## TAHOE GOLFERS WIN IN HOME-HOME PLAY

Tahoe City golfers won the home and home tournament played at the Tahoe City course on June 10 against the Ponderosa Club of Truckee.

In the women's games, Pat Fox was first with a 69 net, followed by Beulah Carnell with 74 and June Grinsteadt with 75.

Mike Popovich took the men's games with a 70 gross.

Ed Frates and John Finnegan with nets of 60 led the field, with Flovd Carnell and Angelo Besio tied for second with 61 and Harvey Martin was third with a 62.

In the Scotch foresome following the tournament, Betty Farrar and Jack Holley were first with 28½. Pat Fox and Aneglo Besio were second with 31¾ and Audie Brehler and Carl Bechdolt, Jr., were third with a 32.

Following the playing a barbecue was served and James Brehler showed movies of the 1965 Buick Open.

Larry Helms has made a permanent trophy from an old golf club which will be awarded the winners in the Tahoe-Truckee Home and Home tournaments.

## Scribe Sees Little Use For Federal Tahoe Intervention

By Henry C. MacArthur

SACRAMENTO — (CNS) — Just what the federal government through its water pollution control administration hopes to accomplish, other than what already is being accomplished by the state of California and Nevada in maintaining the clarity of Lake Tahoe's water, is somewhat of a question at the present time.

A wide-area conference on the subject was called by the secretary of the interior, and was attended by both Governors Edmund G. Brown of California and Grant Sawyer of Nevada.

The conference was held in one of the large gambling casino hotels at the south end of the lake, where several conferences between Governors Brown and Sawyer have taken place.

**Tongue In Cheek**

It is no secret that both governors feel that just about everything is being done that can be done to "save Lake Tahoe" from the onslaughts of population and gambling. And while the governors, both democrats, are forced to hail the entry of the federal government into the act as a blessing of the democratic administration in

## Tinker Belles Plan Two Civic Projects

A regular meeting of the Tinker Belles Garden Club was held July 12 at the home of Mrs. Norma Russell. Besides 14 members, Mrs. Rita Turner and Mrs. Edith Davis attended.

Mrs. Gladys Dolley gave demonstrations of flower arrangements with suggestions for entries in the flower show to be held July 30 at the Truckee fire station. Tickets are 50 cents each and can be purchased from any member of the club.

Business at the meeting consisted of discussing plans for the flower show and support of the workday for the Tahoe Forest Hospital on August 7.

A field trip to Crystal Peak will take place on July 26. The place of the next regular meeting on August 9 will be announced.

## RAINBOW GIRLS ADD TO PUBLIC RECORD IN PARK PROJECT

The Order of Rainbow for Girls of Hope Assembly, No. 18 of Truckee has added to the public service record of the youthful members by devoting Saturday to building a barbecue at the new ball park located on the Brockway short cut.

The combined efforts of fourteen active girls completed the task in a little more than four hours. Prior to that the group spent hours hauling granite rocks, gathered from Donner Summit.

The order added their thanks to Joe Stella, Jack Houlgate, Jack deRyk, Rex Reid, Nick Comola and Lester Braasch for donating materials and supervision of the worthwhile project. They also wish the community is able to enjoy the barbecue for many years into the future.

## TRUCKEE YOUTH AT NAVY 'BOOT' CAMP

SAN DIEGO— Seaman Recruit Nowlin E. Haltom, USN, son of Mr. and Mrs. Manley J. Haltom of Truckee is undergoing seven weeks of basic training at the Naval Training Center here.

Upon completion of recruit training, he will be assigned to a school, shore station or ship, according to the results of his Navy classification tests, his own desires and the needs of the Navy.

**FLY TO EUROPE**

Mr. and Mrs. L. S. Dumas returned from Roseville where they wished bon voyage to their daughter, Mrs. G. S. Harris and granddaughter, Noelene who went by jet to Europe where they will visit famous places in a number of countries, their last stop will be Paris before they return in August.

**Voter Sign-up—**

Builder's Service Center will be registering voters for the Donner Lake area in the future.

## Company Officials Get Promotions In Shift Of Districts

To improve service at rapidly growing Lake Tahoe, Sierra Pacific Power Co. today split the lake basin into two districts and named Frank Giovannoni of Truckee North Tahoe District manager. The utility company also announced completion of a new North Tahoe operations center and office.

Fred Talley remains as manager of the South Tahoe District.

"Because of unprecedented business expansion in the Tahoe area it became extremely difficult for one man to direct operations stretching from Meyers on the south to Truckee-Donner Lake on the north," President Neil W. Plath said in announcing the realignment.

Plath also announced that Sierra Pacific is placing Robert B. Tonin of Tahoe City in charge of the company's Commercial Operations and new business programs in the new North Tahoe District.

Giovannoni and Tonini will work from Sierra Pacific's new headquarters on National Boulevard at Tahoe Vista, a $280,000 building scheduled to open August 1.

"These changes will give us operational flexibility we haven't had before," Plath said. He recalled that in the early 1930s Sierra Pacific had one man assigned to the lake basin "on a seasonal basis. Now we have 42 employes working full-time there."

Natural boundaries define the

## Donner Home Tour By Road or Water

The public is invited to attend the third annual House and Cabin Tour to be held August 6, starting at 12:30 p.m., from Donner Lake Lodge on Highway 40.

Transportation will be by boat or car since all of the homes to be shown are on the lake.

Various types of architecture used in the buildings will please both men and women.

Refreshments will be served at the last home on the tour. Each home will be open for approximately one-half hour.

The event is sponsored by the Donner Lake Fire Department Ladies Auxiliary and proceeds will go toward the building of a meeting room at the firehouse.

Those going on the tour are asked to please wear low-heeled, soft-soled shoes. Participants are asked to donate a minimum of $2 each for the project.

## Smoker Is Blamed For Fire In District

The heat, coupled with low humidity and wind, brought the fire danger in this area to the highest point for the season this week, the U. S. Forest Service station at Truckee reported.

A smoker was blamed for a small fire which started near a pine tree across the freeway from the old airport Monday at 1 p.m. The fire was reported by Jim White of Donner Lake and the suppression crew was quick to reach the spot and bring the small blaze under control.

A similar fire in any isolated area where it could not be readily discovered and easily reached by the fire fighters could cause a major conflagration, the forest service noted.

## HOBO IS BLAMED FOR TRACK FIRE

Only one incipient fire was reported during the past week by the Truckee office of the Tahoe National Forest.

At 9 p.m. Sunday night, the suppression crews responded to a report of a fire near Horseshoe Bend near the Southern Pacific tracks. An investigation showed that a hobo had apparently left a train there, built a camp fire and left without extinguishing it.

The fire was held to a small area and no damage was caused.

Earlier Sunday, the crew was called on a false alarm near the Vita-Bark plant west of Truckee.

## Truckee Court Has Busy Year; Collect Total Of $77,012

The Truckee Judicial District Court collected fines and fees during the past fiscal year which nearly equalled the amount collected in both the Nevada City and Grass Valley courts, Judge F. W. Wilson of the local court reported.

Collections in the Truckee court amounted to $77,012.19, the report said, while both Grass Valley and Nevada City courts collected $80,329.50. Of this latter total, Grass Valley turned in $43,195.51 and Nevada City $37,133.99.

Judge Wilson pointed out that although the Grass Valley court had many more cases during the year than the Truckee court, a large portion of these were routine parking and similar offense citations, while the local court is involved with more complicated highway traffic citations.

## Last Rites Held For Former Local Man

Last rites were held yesterday for Patrick J. O'Connor, 55, of San Jose, a former resident of Truckee and brother of Mrs. May Mattos, who died Friday in a hospital at Santa Clara after a brief illness.

O'Connor, who was a technician at the Veterans' Hospital at Agnew, worked here with Mattos for several years and was well known. He was a native of Sparks, Nevada and a veteran of World War II.

He is survived by his wife, Marguerite, a step son, Donald, a niece, Mrs. Rose Miller of San Francisco, a nephew, Joe Miller and Mrs. Mattos, both of El Cerrito.

Burial was in the Golden Gate cemetery.

## Water Ski Slalom At Donner Saturday

By Vi White

An open water ski slalom meet will be held at Donner Beach at the west end of Donner Lake July 23.

Registration opens at 8 a.m. with competition starting at 8:30 a.m.

There will be trophies for the top three placings in the following divisions: junior girls, junior boys, girls, boys, women, novice men, men, senior women and senior men.

Barefoot and kite flying exhibitions will be performed at various times during the day.

There will be extra fun events, a grab-bag with one representative of each club drawing to find out what equipment (from tricks to inner tubes) to use, should provide spectator interest.

Headquarters of the Donner Lake Water Ski Club is the little red shack at the Donner Beach. A public address system will be used to announce competition.

## Three Are Injured In Highway Mishap

Three people were hurt at 11:30 p.m. Wednesday in a three-car accident on the freeway bridge near Hirschdale.

Ruth Gordon, 46, Mesa, Arizona, employed at Brockway lost control of her car on the bridge and it struck a guard rail throwing her onto the pavement.

A second car driven by Jack Silver, 63, Sacramento was flagged down by a truck driver who had stopped at the scene and was near the Gordon car when it was struck by a third vehicle operated by Robert L. Freese, 34, Carmichael, shoving the Silver car into the wrecked Gordon vehicle.

Silver and his passenger, Orin S. Niles, 44, Sacramento and Mrs. Gordon were all taken to Tahoe Forest Hospital by Truckee ambulance.

## CSEA OFFICERS ARE INSTALLED IN MEET

SUNNYSIDE — New officers of Donner Chapter No. 56, California State Employes Association, were installed at a dinner meeting last week in Sunnyside Lodge.

They are Sergeant Don Wallis of the California Highway Patrol, president; Robert McKinnon of the division of beaches and parks, vice-president; Gladys Wade, highway patrol clerk, secretary-treasurer, and Fred L. Frazier, Squaw Valley Park engineer, sergeant at arms.

## Andy Creglow Leaving Here To Take New Post

Andrew Creglow, manager, secretary and auditor for the Truckee Tahoe Airport District for the past three years, has resigned the position and leaves August 1 for South Lake Tahoe, where he will assume the managership of the El Dorado County airports at South Tahoe, Placerville and Georgetown.

At the same time, Mrs. Creglow, secretary at the Bank of America, announced her resignation in order to accompany her husband.

Creglow has been active in several civic fields during his stay here and is resigning as a member of the Nevada County Board of Trade, director and vice president of the North Lake Tahoe Chamber of Commerce, director of the Truckee Donner Chamber of Commerce and director of the Placer County Chamber of Commerce.

He has spearheaded programs at the airport, including flyins, and during his administration the airport has shown considerable de-

## Shecky Greene Is Hurt In Accident

Shecky Greene, 40, Beverly Hills, nationally proclaimed comic, was in the Tahoe Forest Hospital Tuesday morning with a broken left shoulder and other lesser injuries resulting from an automobile accident five miles south of Truckee on State Route 89 at 5:45 a.m.

The California Highway Patrol said Greene, alone in the car, apparently lost control and the vehicle overturned. He was taken to the hospital by Truckee Ambulance.

Greene had been entertaining at a South Lake Tahoe resort.

## Junior Olympics At Sacramento Tonight

The Truckee Donner Recreation and Park District will send a 15-member team to represent this area at the Junior Olympics track and field meet to be held at the Cordova High School in Sacramento tonight at 4:40.

The finals wil lbe held Friday at 4:30 p.m.

The team is composed of boys and girls from six to 14 years of age and include Teresa Tonini, Harold Welch, Tom Jones, Steve Taylor, Cindy Ferdinand, Carolyn Rose, Cathy Pendergast, Robert Tilton, Kevin Pendergast, Cameron Vail, Jacquie Waller, Mary K. Rose, Mary Fish, Sharon Mael, Jennifer Hamlet, Casey Vail, John Boren and Cathy Wilcox.

The overnight campout which was to have been held this evening was postponed for the junior olympics and will be held on August 4.

The next special event will be the pet show scheduled July 28.

## FIVE ARE INJURED IN LOCAL ACCIDENT

Five Japanese nationals, all from Salinas, were injured Friday morning at 7 o'clock when their car got out of control when the driver apparently went to sleep and struck a dump truck on the freeway above Truckee.

Taken to the Tahoe Forest Hospital for treatment were Hiroshi Shiga, Tanaba Sezo, Takaji Suto, Kanji Kotoki and Hidetake Sekiyama.

## SWIM POOL GROUP BUSY WITH PROJECT

In spite of rumors to the contrary, the Swimming Pool Committee is still very active. Proof are the three volunteer WSI Instructors (members of the committee) endeavoring to teach 110 children how to swim.

The committee challenges anyone to visit the westend of Donner Lake next Monday, Wednesday or Friday, see first hand the difficulties involved in trying to instruct in the lake (not to mention icy water and cold wind) and not be convinced that a pool for our area is needed.

Committee meetings have been held and information is being compiled, all aimed to further the pool program.

Watch for announcements of future meetings and events being planned.

## Exhibitors' Guide For Flower Show Listed By Sponsors

Information for potential exhibitors at the flower show to be held at the Truckee fire station July 30 sponsored by the Tinker Belles Garden Club, were announced this week.

The categories for exhibitors were announced as follows:

Southern Pacific Lines: Oriental inspiration where line predominates.

The Donner Party: New ways with old heirlooms, showing use of antique glass, china and metal.

General Fremont: Most unusual —free for all, "Dynamics of the Imagination."

Hobart Mills: Shadow box.

Farewell to Summer: A study of color and texture of dry materials.

From the Sierra Wildwood: Treasures collected from the forest.

Sierra Skies: Variations of colors.

Ponderosa: Study in combining a painting and one or two flower arrangements.

Emigrant Trail: Arrangement using kitchen utensils, old and new.

Junior Division: 1. Flower arrangement in a tea pot. 2. Arrangement in a straw hat. 3. Miniature not to exceed four inches overall. 4. Wayside dry material; grass and stone. 5. One color arrangement, all green.

Judges wil laward ribbons to the first three and honorable mention. Exhibits should be in by 9 a.m. Local artists will be displaying paintings.

## Department Called To Fight Mill Fire

A threatening fire in one of the several buildings at the Douglas Lumber Company mill on east Church Street brought out the Truckee Volunteer Fire Department shortly after midnight Sunday.

The fire, which may have been smoldering for several days, or since a welding job was done, was confined to the top of the "hog" chute and did not get hot enough to set off a nearby automatic sprinkler.

The loss was confined to one wall of the structure and was soon extinguished by the department.

## COMMUNITY CLUB AT NORTH TAHOE WILL MEET ON JULY 27

KINGS BEACH— There will be a general meeting of the North Tahoe Community Club on Wednesday, July 27, at 8 p.m. at the Kings Beach school. It will be open to the public and all members are urged to attend. Fred Barber, Placer County planing director, will be present as will George Gatter, planner.

Items up for discussion will be the continued planning of the north shore area, acquisition of the beach, and other items of interest to the local property owners.

## BOB KETTENHOFEN HONORED AT SCHOOL

Three hundred and 54 students, including 197 from outside Colorado, have been named to the dean's list at the University of Denver for high scholastic achievement during the spring quarter of the 1965-66 academic year.

The honorees are full-time students in the college of arts and sciences, the college of business and administration and the college of engineering, who have attained predominantly A grades or who have ranked in the top ten per cent of their college.

Among those who achieved this honor was Robert Kettenhofen of Chambers Lodge, Lake Tahoe.

## SNYDER HOME SOLD TO JAMES BARRYS

Mr. and Mrs. Frank Snyder, who recently disposed of their Buick agency and garage business in Gateway, prior to leaving for Placerville to make their home, this week announced the sale of their home at Donner Lake to Mr. and Mrs. James S. Barry of the Oakland area.

The Barrys own the Ramshead, which is adjacent to the Snyder property, and plan to make their future home here.

## Lone Bidder Gets Sanitary Bonds At Highest Rate

Directors of the Truckee Sanitary District last Friday accepted the only bid offered for the purchase of $600,000 worth of general obligation bonds sold to finance the extension and improvement of the Truckee-Donner sewer facilities.

The bid was from Cincotta, Inc., of LaJolla. It will charge 6 per cent interest, the maximum allowable, and the bonds are repayable over a 30 year period.

While the bid was considerably above the 4½ per cent the district had hoped for, according to Manager Fred Hodder, it was considered a reasonable price.

Taking into consideration the fact the bid for the work involved was far below the engineer's estimate, the difference between the $125,000 lost through the higher rate of interest is made up in the difference between the contract bid price and the engineer's estimate, Hodder explained.

The engineer's figure for the initial work on the project was $696,000 while the contract was let for $571,000 to C&M Construction of Newcastle.

Paul Chamberlain, attorney for the district, explained to the board that when and if finances get less rigid, the district may float another bond issue, obtain a lower rate of interest and pay off the Cincotta people and lessen the bonded indebtedness, Hodder said.

Work had been started on the project prior to the sale of the bonds under an agreement with the contractor that payment depended upon securing finance, so that the job could be completed this year. This will pave the way for installation of a sewer system in the area west of Truckee, including Donner Lake.

## Directors Drop Plan For Annexation

Director of the Truckee Public Utility District at their meeting Tuesday night abandoned a proposal to annex 37 acres of land south of the district's boundaries.

It had been proposed to annex this area to provide service which is currently being given under contract. Proponents of the plan to incorporate the area pointed out that the additional land in the district, part of which is in Placer County, would prohibit taking the district into the city if incorporation becomes a reality.

No action on the annexation will be taken, Manager Francis Longo said until after a vote is held on incorporation.

## Board Officials To Washington Meet

Fred Hodder, manager and Don Cook, engineer for the Truckee Public Utility District, will leave Saturday in Cook's plane for Washington, D. C. where they will hold meetings with government officials all of next week in relation to federal funds to assist in construction of the local sewer expansion program.

They will be met by Congressman Harold T. Johnson who will assist them in their project, meeting with the several agencies to further applications for federal funds.

## WATER CARNIVAL AT TAHOE SATURDAY

HOMEWOOD — For the first time the annual Lake Tahoe Water Ski Carnival will be held at Homewood.

The event, which attracts hundreds of viewers as well as participants, will start at 8:30 p.m., Saturday, July 30. The opening event will be the children's slalom, followed by a series of tricks and slaloms for men and women. Trophies will be awarded at the conclusion of the program, William Nagle, Jr., rear commodore of the sponsoring Tahoe Yacht Club, announced.

## OAKLAND MISS HURT IN FALL OFF HORSE

Colleen Regan, 17, Oakland, suffered a possible fracture of her right arm and other injuries Saturday afternoon when she fell from a horse she was riding at Squaw Valley.

The Truckee Ambulance brought the injured girl to the Tahoe Forest Hospital for treatment.

**NORTH DAKOTA VISITORS**

Mrs. Evelyn Berntsen of Donner Lake has as her guests, her son in in law and daughter, Mr. and Mrs. Robert Hendrickson of Bismark, North Dakota. The couple is also spending some time in the bay area with her brothers and sisters she has not visited in 11 years. Hendickson is president of the bank in his home city.

Guest of honor at the last meeting of the Tahoe Squaws which was held at the Lake Tahoe Hotel at Incline Village last Wednesday was one of the 1966 scholarship students of the Squaws, Marilyn Goss. Marilyn will enter Wichita State in September and later transfer to California where she'll pursue a career in medical research. The Squaw's other recipient of a scholarship, Daryl Cernusak, is enrolled at the University of California at Davis where he will major in engineering.

According to President Helen Gates, "it is very gratifying for the Squaws to know that we have had a part in furthering the education of these fine youngsters. Naturally, these scholarships depend on the success of the projects that the Squaws put on during the year. Our biggest project — the Thieves' Market — will take place at the Tahoe Lake School on August 3, 4, 5 and 6 and we're anxious to receive the support of the entire community." Thieves' Market chairman Jean Sproehnle has advised that anyone wishing to donate rummage for the Squqaws should phone her at 583-4196 to arrange for a pick-up.

The "Carnival of Fashion", sponsored by the Lake Tahoe Sierra Emblem Club No. 347, held at the Lake Tahoe Hotel in Incline Village last Saturday was a smashing success according to President Macie Henke. Chairman of the event was Sophia Levra and assisting Mrs. Levra were Diane Emery, coordinator and commentator; Barbara Bate, tickets; and Nora Ferrari, music.

Fashions shown were from Hansel and Gretel in Reno and Faulstitch at Incline Village and all models were from Elks and Emblem Club families. Men's fashions were dashingly displayed by Herm Howard, Cliff Tweede, Butch Tamblyn and Rolf Wigaard. Women's fashions were shown to advantage by Barbara Bate, Velda Farris, Susan Hall, Juanita Hicks, Sally Lusky and Glenn Meixner. Drawing "ohs and ahs" from the large crowd attending were the following youngsters who modelled back-to-school clothes: Greg and Kaci Clark, Wes Emery, Cathy and Sherry Freeland, Lori Hall, Colleen Hicks, Dan Horton, Bene Lusky, Kathy Machin, Julie Plumbridge, Theresa Shea, Wendell Tamblyn and Cyndie and Don Tillier.

All proceeds from the affair went to the charity fund of the Emblem Club.

# Roman Legacies

Following the advice of an astronomer, Julius Caesar rearranged the months and put into operation a calendar with 365 days per year—still in use today. Even the names of our months come from the Latin language.

The Emperor Augustus found Rome a city of brick and made it a city of marble by constructing great aqueducts, temples, theaters, and libraries. This "Golden Age of Rome" has had a lasting influence on today's architects and builders.

The Emperor Justinian codified Roman law which is the basis of our legal system. "A man is presumed innocent until proven guilty" is one of its essentials. The interesting story of Rome's contributions is part of a fascinating series currently appearing in Life Magazine.

# Serene Lakes Takes On New Designation

Notice of the dissolution of the Sierra Lakes Club of California, which undertook to develop a recreational subdivision near Soda Springs, has been filed with the Placer County clerk. The notice was signed by Frank A. Allen, Robert F. Roy and Geraldine G. Simands.

Meanwhile, this week a similar project, to be known as "Serene Lakes," is being promoted in the metropolitan press. Located half a mile south of Soda Springs, this development is a project of S. V. H. Investments, Inc. The organization lists a Sacramento address in its advertising.

# Sandra Walsh Weds In Bay Area Rites

TAHOE VISTA — The nuptial vows of Sandra Louise Walsh and Robert Schneider, Jr., were exchanged in a double ring ceremony at the First Methodist Church, San Leandro, Calif., on July 9th.

The bride wore a beautiful long satin wedding gown, made for the occasion by her mother. The princess fitted bodice was embroidered with medallions of lace and seed pearls, as was the full skirt and chapel length, detachable train. Her shoulder length veil of net was caught with a garland of lace and pearls. Her bouquet was made in the form of a cross and of white rose buds and stephanotis.

The bride was given away by her father, Nelson Walsh.

Miss Susan Walsh was her sister's maid of honor. Her empire gown was of yellow crepe, with white lace detailing the bodice and skirt. In similar ensembles were the bridesmaids, Sydney Walsh, Lynne Hanley, and Jeannie Hazelwood. Their carrying bouquets were of yellow centered white daisies and their short yellow net headpieces were caught together with a yellow satin bow.

Jack Womack acted as best man and the ushers were Dick Huddleston, Ralph McCurdy and Hank Hanley. Carrying the rings on a white satin pillow was Kenny Anderson, cousin of the bride.

Mrs. Pat Thompson, mother of the bride wore an ensemble of oyster white silk shantung with a picture hat of the same collor. Grandmother, Louise Anderson was in a blue figured dress with blue coat and hat.

The newlyweds greeted their many friends at a reception at Hale Hall, at the church leaving soon after for a honeymoon in Las Vegas, Los Angeles and Ensanada, Mexico. Out of town guests included Mr. and Mrs. A. Derosby and four grandchildren of the Andersons from Oceanside. Mr. and Mrs. Dan Anderson, Tahoe Vista, grandparents of the bride, Mr. and Mrs. W. P. Richmond, Bakersfield and Mrs. Margaret Senne, great-great aunt of the bride.

The bride is well known in the Tahoe area as she attended her first year of school in Kings Beach while staying at her grandparents home as were most of her summer vacations thereafter. She was later employed at coffee-shops Geo. Alario and William Bates, Horseshoe Lodge in Tahoe Vista. Both of the newlyweds are employed in Oakland and will reside in that city.

# Richard Lee Feted For Long Service

AUBURN — at its reorganization meeting for the 1966-67 year, the Placer County Board of Education again elected Richard A. Lee as president of the board. This sets a record in California, as Lee has served in the same position for forty six consecutive years.

This announcement was made by Albert F. Bequette, Placer County Superintendent of Schools. Bequette stated further that Lee, a longtime resident of Lincoln and Placer County and a former school teacher, was principal of Lincoln High School from 1915 to 1953.

In addition to his position on the County Board of Education, Mr. Lee was an original member of the Sierra College Board of Trustees, and still serves in that capacity.

Lee is still an avid scholar . . . as many of his neighborhood children will attest, he is an "expert" on the "new math" recently introduced in California.

## FLYING "A" YIELDS TO PHILLIPS 66 HERE

Charles V. Osburn, for many years distributor of the Tidewater Oil Company, has received word that effective July 15, the company has been consolidated with the Phillips Petroleum Company and in the future will be known as Phillips, distributing Phillips 66 products.

The local distributor said the change has been in the process for some time and that legal ramifications were completed the night of July 14. All retail distributors were notified of the change and signs, reports and other data will be altered to meet the new name change.

# Highest Fire Risk In Past 20 Years

The 1966 fire season is potentially the worst in 20 years, according to a joint statement by Tahoe Forest Supervisor H. E. Branagh and State Forest Ranger T. J. Waddell.

Weather conditions have been unusally dry and windy this spring, resulting in tinder dry fuels throughout the foothills and the Sierra.

Abandoned campfires and illegal smoking in woods areas are the two major fire law violations by recreationists causing fires. Campfire permits are required outside designated campgrounds.

Forest service and division of forestry fire crews have been placed on special alert, including bulldozers, aircraft and ground tankers. Extra patrolmen have been activated under strict instructions to issue citations for any observed violations of the fire laws.

# Tomorrow Last Day To File For Position

Tomorrow, July 22, is the deadline for applications to take a state examination for driver's license examiner positions with the department of motor vehicles.. Russell Dickensheet, manager of the Truckee office for DMV, said forms are available at the Truckee highway patrol building on Emigrant Way.

Examinations are scheduled August 13. The salary range is $510 to $619 monthly. Qualifications include college graduation or equivalent, possession of a valid California driver's license and U. S. citizenship with 12 months California residence immediately prior to the examination date.

Four years of public contact work involving discussion, explanation and interpretation of products, policies or procedures may be accepted as substitute for the educational requirement.

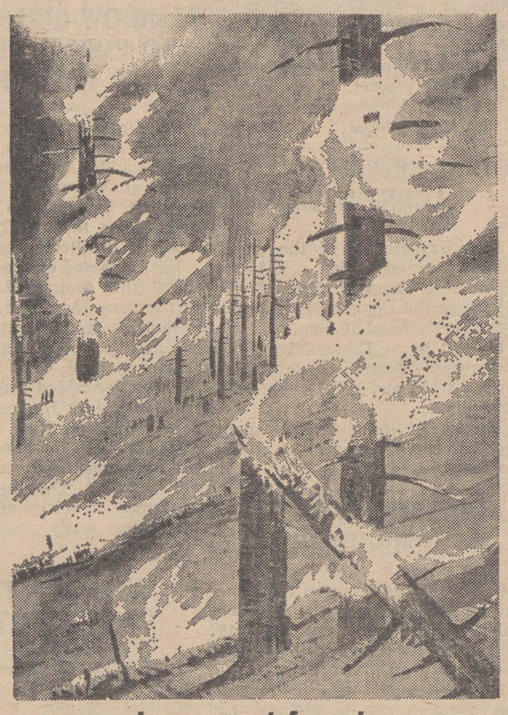
Little sparks...



burn great forests

Common sense is all that stands between controlled burning and full-scale forest fires. Before you start *any* fire, check local regulations... Be sure fires can't spread... Never burn on dry or windy days... and never leave fires unattended. Nine out of ten forest fires are caused by careless people. *So don't be careless.*

# LAKE ECHOES

**BY BETHEL**

Never a dull moment at Lake Tahoe as we discovered when we stopped by for a quiet visit with Jerry Rayburn at Incline Beach Saturday. Babette, the Rayburn poodle, was in labor and Dr. Dale Winthrop of Carson City was expected momentarily. Not anticipating chaos, Bethel, Jerry and Ruth Lavery, Jerry's houseguest, chatted and waited too, but not for long.

Babette, wouldn't wait. Panic was in the air but Bethel delivered two puppies assisted by Ruth while Jerry boiled hot water. However, Dr. Dale arrived on the scene having been delayed by congested traffic and took charge. Babette is the proud mother of two males, and a female, as yet unnamed.

The doctor commended the amateurs and restored the house to order.

Doctor Dane and his wife, Peggy, Incline residents, returned to the Rayburn home for cocktails before going to Virginia City for dinner. Johnny, Dick, Ruth, Jerry and Bethel enjoyed dinner and conversation amid telephone calls.

Virginia Stekol of Incline Village was hostess to a bridge luncheon honoring Dorothy Gilmore. Doris Richmond, Virginia Engelhard and daughter, Marilyn Simonsen, Vera Ozols, Iva Montgomery, Inez Jordon enjoyed Virginia's hospitality. Dorothy was presented with a gift. One of the bridge prizes was won by Inez.

The Laverys left for Idaho and several weeks fishing with Dick and Dot Hoskins, he the former sheriff of Nevada County. Neah Bay, Washington, is next on their itinerary and back home via the coast route about September.

We're still hearing about our report an 8 pound marlin that Ruth caught last year in Mexico when it really was an 8 FOOT marlin. Well, not everyone is a fisherman and sometimes fish stories do get distorted. However there was nothing fishy about that story.

Jack and Marilyn Boatman, former Kings Beach residents, are visiting friends in Kings Beach for two weeks from Los Angeles. Marilyn's sister, Ruth West, also living in Los Angeles, visited former neighbors and friends in Kings Beach.

## GRANT IS APPROVED FOR TAHOE PLANNING

Sixth District Assemblyman Gene Chappie announced that his amendment to the California State Budget providing for a $10,000 grant to the Lake Tahoe Regional Planning Commission, was approved and included in the final version of the budget which was adopted by the California State Legislature Thursday.

Chappie introduced the budget augmentation before the budget conference committee on June 28.

Chappie said, "This $10,000 grant is part of a $90,000 program of which the five counties (2 California, 3 Nevada) in the Lake Tahoe Basin provide $10,000, a private foundation donates $10,000, and fsderal asssistance in the form of a "701" planning grant for $60,000 is included."

Chappie further said, "These monies will be used by the Lake Tahoe Regional Planning Commission for:

1. Updating and revising of Lake Tahoe regional planning as regards the development of density standards, a definitive plan for transportation, and land use under both public and private ownership.

2. Coordination and assistance to federal, state and local agencies included in the basin."

## AFFAIRS OF STATE

by Henry C. MacArthur

SACRAMENTO —(CNS)— California now is being held up by at least some of the eastern political observers and prognosticators as the "new barometer" of the nation's voting mood.

They hold than this state in the last five presidential elections hasn't varied by more than a point or two from the national voting averages. The publication says "The new watchword, as California goes so goes the nation."

Of course, California is among the last of the states to have its votes counted on national elections, so there is no opportunity of anticipating a trend in that respect, but the mid-season gubernatorial elections may be something of a guide insofar as national elections are concerned.

The observers' publication continues:

"That's why Ronald Reagan's vote, coupled with the large turnout for conservative Democrat Sam Yorty, must be taken so seriously.

"The really startling thing about their showings was the number of 'ordinary' voters who rushed to the conservative side. Voting analysis says it was not just a vote of hardcore Goldwater fans, but a virtual cross-section of people from most walks of life.

"In short, the California primaries were a strong 'protest vote' by a normally inarticulate mass of people: protest against riots, the Berkeley beatniks, draft card burners, LSD, crime and so on. The balloting was a frank demand for law and order. Point: it's sure to be repeated in other troubled urban areas."

The observers describe Reagan as a conservative but in a flexible, pragmatic way. They say "he avoided Goldwater's errors, didn't attack social security or medicare, nor did he sound ideological. He cast a conservative shadow, but avoided the extremist label. Eisenhower's endorsement shows how well he succeeded."

Anyone who heard Yorty and the late Chief William Parker of the Los Angeles police department testify on behalf of the anti-incitment to riot bill before an assembly committee will realize now just how serious the situation is in the southern area.

The people of California are not about to tolerate continued defiance of law, neither do they appreciate the prospect of future uprisings in any part of the state. This, it is believed, is one reason why they indicated their disapproval of the inept handling evinced by the administration not only in Watts, but also in Berkeley and other areas where open defiance of law and order has been shown.

Thus, from now until the November elections, the issues will become more clearly defined. The avowed anticipated attempts of the Democrats to label Reagan as an arch-conservative will grow less effective as the people begin to realize the attempt is nothing but campaign propaganda, with no solid backing of fact.

One satisfying thing about a democracy is the fact that the so-called "inarticulate mass" of voters have the opportunity every couple of years to become articulate. While what the people will say in November still is a question today, there is no doubt they will speak, no doubt en masse and forcefully.

Burnett Avenue in San Francisco was named for the first governor of California, Peter H. Burnett, who was elected in 1850.

Planning a vacation? Your Police Department has a few suggestions for helping you get rid of telltale signs that alert burglars that you are away from home. Call the newspaper and milkman and stop deliveries so that papers and bottles don't pile up. A shaggy lawn is also another tip to would-be burglars—make arrangements to have it cut. Then relax and have a good time!

In the 1930's, a movie company moved some buffalo to Catalina Island. They're still roaming there, and we heard recently that one of them found a unique use for an outdoor phone booth. One of our employees was making a call from this particular booth which is located in the interior part of the island. She heard a strange noise and turned to see the buffalo scratching himself against the door. Just goes to prove that telephone booths are in convenient locations for everyone, even buffalo.

# DONNER DOINGS

By Mrs. Carson "Vi" White

Old Timers Night at Donner Lake Lodge was a terrific success last Wednesday. People began arriving shortly after 4 o'clock to look over the collection of old relics that were on display, but most arrived around 7 p.m. to partake of refreshments and the delicious buffet.

The "old timers" were interviewed and treated to a cocktail party hosted by Mr. and Mrs. Les Hadley at Donner Lake.

Chairman Carson White was busy getting all the interesting stories on tape for posterity.

Some of the descendants of the Donner party tragedy were here to tell and show letters and diarys of true accounts.

Unfortunately the P.A. system failed to work properly and many of the hundreds who attended were unable to hear the interesting accounts of the early days of the Truckee area.

Ann Nesbitt, Donner Lake Lodge owner and her crew worked hard to feed and accommodate the unexpected huge crowd.

The Lions and chamber of commerce, sponsors of the event, expect to make it annual get-together of old and new "old timers".

* * *

Eleven year old Mike Money, the Bob Sutton family and John Corbett all had fabulous arrowhead collections on display at Donner Lake Lodge. The Tom Dolley's brought two old "Gramaphones" one that really works, too; Mrs. Charles White and her son Burney had some real interesting pictures of Truckee in winter showing the ice palace and toboggan slide that were erected right in the middle of town.

* * *

Tess and Michael Canfield of Mill Valley, Felicia Lomax, daughter Linda and myself were fortunate to be able to ride with Dr. Rhodes, historian from San Jose, Sunday while he pointed out parts of the Donner trail around the Donner Camps, and at Alder Creek off highway 89.

The first signs were put up by his friend the late Dr. P. M. Waddell also of San Jose. Now Dr. Rhodes is replacing and repainting the old ones. The trail is plainly marked from Hobart Mills area to Lake Mary on Donner Summit, thanks to these wonderful men.

* * *

Jenny Stroble and Kent Garrett placed high in their divisions during the waterski meet in Sacramento last weekend and hope to do even better at the Donner Lake Watere Ski Club's open slalom meet Saturday.

* * *

Abbie Coulette and Kay Stewart, both of Reno have consented to be judges of the flower show along with Jean Patterson of Woodland. The Rainbow Girls of Truckee are learning the ways of arranging so that they can enter exhibits too at the Truckee firehouse July 30th. Entries should be in by 9 a.m. that morning.

* * *

Mr. and Mrs. William Nobmann will be opening their home on Reed Avenue, above the Dick Good's for the House and Cabin Tour August 6th.

We're finally geeting some lovely summer weather now that the strong winds have died down. It's been beautiful this week.

* * *

Fishing off shore has picked up and what a thrill to hook into one of those big 11 to 12 inch plants. Some have been lucky enough to catch a tagged fish worth $5.00. Just like hitting a jackpot!

* * *

Good news for property owners on the west and south ends of Donner Lake! The Nevada County Board of Supervisors has just passed the formation of the road assessment district and will meet with the Donner Lake property owners involved at a special meeting here soon. The public hearing in Nevada City will be held in August however.

The roads are in the worst shape they have ever been, but the Donner Lake Property Owners Association did not pay to have them scraped this year because it was expected that construction would begin on drainage earlier this summere. Now it is still a possibility that it can be started before winter rains set in.

# The Sportsman's Corner

by Dr. Joe Linduska, Remington Wild Life Expert

150th ANNIVERSARY
In 1816, 23-year-old Eliphalet Remington, proud of the gun he had hand-forged at his Ilion, New York farmhouse, entered a shooting competition. He beat all but one man who was so impressed with Remington's rifle that he placed an order for one right there on the field.
Several years later, Remington's big chance came when the U. S. Government awarded a rifle contract—to someone else! Because his competition couldn't meet the order, Remington jumped in and began making 1,000 rifles monthly on his new production line.
This year, the Remington Arms Company is celebrating its 150th anniversary. Modern research as well as the heritage of superior gunmaking skill make this large industrial complex successful in serving the needs of America's sportsmen.

# Highway District Wins Third Award

The Third Highway District of the California Division of Highways, headquartered in Marysville, has won its third "Million Hour" safety award after logging more than a million consecutive man-hours on all types of highway construction and maintenance without a lost-time injury.

It is the only highway district out of 11 in the state to win a "Million Hour Plaque" more than once.

Announcement of the new record was made recently at a safety meeting in Sacramento by Safety Engineer Delwyn Roberts who said, "Any time we pass a million man-hour mark without lost -time accident — it's a milestone."

The award was hailed by District Engineer W. L. Warren as a "significant contribution" to the state's safety program.

Nationally, state highway departments average 13 lost-time accidents for each million man-hours of work.

District 3 has twice before achieved a million consecutive accident free hours, once in 1962 and again in 1963.

# Paris At Tahoe As Vive Les Girls In Topaz Room

CRYSTAL BAY— The North Shore of Lake Tahoe rivals the famous Left Bank of Paris these weeks, as the exciting "Vive Les Girls" continental revue reigns supreme at the Nevada Lodge. The extravaganza is staged nightly in the Nevada Lodge Topaz Room.

Featuring a bevy of glamorous showgirls from Europe, Asia and the United States, "Vive Les Girls" is an adults-only potpourri of lavish production numbers, dynamic music, extravagant costuming — and always girls, girls, girls in the Paris tradition.

Starring as lead dancer is statuesque Jacqui Walters, whose exquisite grace on stage complements her startling beauty. Jacqui comes to "Vive Les Girls" and Nevada Lodge from Middlesex, England, where she gained her first dancing and professional experience. She lends a genuine Parisian air to her numbers, through her can-can experience at Paris' Moulin Rouge. A highlight of the show is her daring dance interpretations with Michael Hinton, lead male dancer; the two of them are a volatile combination which keeps audiences hushed in the Nevada Lodge's Topaz Room theater.

"Vive Les Girls" is the creation of Fredric Apcar, and will appear nightly at Nevada Lodge through the summer. Nevada Lodge also provides continuous lounge entertainment from dusk until dawn, where Skiles and Henderson, comic duo, share the spotlight with Jackie Burns.

# Motorists Favor Patrol Inspection

"Nine out of ten motorists who have commented by survey card about the passenger vehicle inspection program of the California Highway Patrol have expressed favor," Bradford M. Crittenden, California Highway Patrol Commissioner, said today.

"In the first two months of the program's operation 5,082 survey cards were returned," Crittenden said. "Of these 1,530 were favorable, compared to 180 unfavorable. The remainder contained either no comment or irrelevant remarks."

Cars are only stopped for observed violations and so far a quarter of a million have been stopped and inspected. Almost 100,000 have been in violation of at least one of the 12 items inspected by the Patrol.

The most common items in violations are lights, followed by mufflers, horn, brakes, windshield wipers, rearview mirrors, glass, tires and wheels and the pollution control device. There have also been many violations of registration and drivers licenses.

"The general approval with which the inspection program has been received by California motorists shows that the driving public is aware of and concerned about the need for traffic safety," Crittenden concluded.

## ART GALLERY WILL BE FAIR FEATURE

ROSEVILLE — Northern California's smallest art gallery will acquire its second "works" on July 20.

That's date fo opening of the Placer County Fair, scheduled through July 24.

Ralph Hinds, secretary-manager, said the second annual "purchase award" for the item judged "best in the show" will bring the winning artist a $100 cash prize, and the fair a second lap on establishment of a permanent gallery.

Winner last year was Paula Franz, of 6120 Winding Way, Carmichael, with an oil, "Green Pastures," who will again be in competition.

## Report Submitted On Study At Lake

The Lake Tahoe Joint Study Committee, composed of members from both Nevada and California, has just drafted a preliminary report indicating the complexion of a new form of government for the Tahoe area.

The report is to be delivered to both state legislatures late this year for their consideration in the on coming legislative sessions.

The proposed governmental structure will be made up of representatives from the counties around Lake Tahoe in both California and Nevada, plus appointments from the governors of each state. Voting will be essentially on a unit basis of each state.

The powers of this new form of regional, but local governmental agency will include:

a. A general plan, including zoning.

b. Mandatory referral on all development.

c. Taxation probably 1 cent.

d. Plan a 6 year capital budget for the basin.

e. Act as clearing agency for basin-wide planning grants, etc. from both state and federal sources.

f. Act as LAF CO in basin.

g. Sewage treatment, transmission and exportation.

The purpose of this new form of government is to provide comprehensive basin-wide local standards that will bring about in the Lake Tahoe basin orderly development on a consistent basin-wide basis.

## CASH DIVIDEND FOR SIERRA PACIFIC CO.

A quarterly cash dividend of 15 cents a share on common stock was declared Wednesday by directors of Sierra Pacific Power Co. meeting in Boston, Mass.

The 15-cent level continues a pattern established by the board in January 1966 and repeated in April. It reflects increased earnings by the utility, which serves much of northern and western Nevada and eastern California.

The latest dividend, Sierra Pacific's 110th, is payable August 1 to stockholders of record July 18. It brings 1966 dividends for three quarters to 45 cents.

Health and Welfare, Pension and Vacation benefits are in addition to the above amounts.

For all wage scales and classifications not listed, or not correctly shown, the prevailing Union scale shall apply. The rate for legal holidays and overtime work shall be in accordance with the local trade agreements in effect at the time of bidding.

The contractor shall in the performance of the work and improvements conform to the Labor Code of the State of California and other laws of the State of California applicable thereto, with the exception only of such variations as may be required under the special statutes pursuant to which proceedings hereunder are taken and which have not been superseded by the provisions of the Labor Code. Preference to labor shall be given only in the manner provided by law. Veterans and resident local labor shall be given preference by the contractor whenever possible, if skill and working ability permit without increasing the ultimate cost of the work and improvement to the County of Nevada.

NOTICE IS HEREBY EXPRESSLY GIVEN that payments will be made to the contractor in cash by said County of Nevada but only from the proceeds of any assessments which are paid in cash or from the proceeds of the sale of any bonds which are to be issued on the unpaid assessments. Said payment will be made to the contractor based upon the provisions in the specifications for payment based upon the quantity of labor and materials furnished by said contractor. Commencing sixty (60) days after the commencement of the work and within the first five (5) days of each calendar month during the construction period thereafter, the contractor shall submit to the Engineer of Work an itemized bill of the quantity and value of the materials accepted and work performed prior to the end of the preceding month, and the Engineer of Work will, within a reasonable time, check such bill, make his estimate of the value of the same in accordance with the terms of the contract, and ninety of Work, his report returned to the County Clerk and the report of the 15th day of said calendar month; the remaining ten per cent (10%) of the amount due the contractor shall be paid thirty-five days (35) after completion of all of said work and improvement and acceptance thereof by the Board of Supervisors of the County of Nevada.

All proposals or bids shall be accompanied by a check payable to said County of Nevada and certified by a responsible bank for an amount which shall not be less than ten per cent (10%) of the aggregate of the proposal, or by a bond for said amount and so payable, signed by the bidder and two sureties who shall justify, before any officer competent to administer an oath, in double the said amount, and over and above all statutory exemptions, or by a corporate surety bond in said amount satisfactory to the engineer.

The time fixed for receiving sealed bids or proposals for the doing of said work and improvement herein ordered is the 2nd day of August, 1966, at the hour of 1:30 o'clock p.m. of said day, at the meeting place of the Board of Supervisors of the County of Nevada, located in the County Courthouse, Nevada City, California. Said bids, after being publicly opened, examined and declared, will be calculated by the Engineer of Work, his report returned to the County Clerk and the report of the results of the bidding and the calculations of the Engineer will be reported to the Board of Supervisors of the County of Nevada. The Board of Supervisors of the County of Nevada reserves the right to reject any and all proposals or bids, should it deem this necessary for the public good, and also the bid of any bidder who has been delinquent or unfaithful in any former contract with the County of Nevada.

Plans and specifications may be obtained at the office of Wilsey, Ham & Blair, 1035 East Hillsdale Boulevard, San Mateo, California. A fee of $15.00 will be required per set of plans. This is not refundable.

Washington, it is reported they have tongue in cheek while so doing.

Governor Sawyer pointed out that no sewage is being dumped into the lake from the Nevada side.

Governor Brown calls attention to the steps that have been taken during the past three years to attack and solve the pollution problem from several different angles.

Governor Brown says in addition, he plans to propose an area-wide agency to "supervise orderly development" of the area, not on sewage alone, but concerning other public works, transportation, and preservation of natural beauty.

### BLAME CASINOS

But regardless of the planning of federal, state, county and local agencies, and private regional area planning committees, the problems at Lake Tahoe will never be diminished as long as the state of Nevada permits the plush gambling casinos to operate on the lakeshore.

These casinos started the extraordinary migration to the lake some years ago, and the increase in visitation has grown greater each year. The attraction of easy money has acted as a lode-stone to a public deprived of legalized betting in California, and the public has reacted by crossing the state line into Nevada by the millions to thrust money over the green-felt tables of the sister state.

The gambling czars of Nevada apparently are insatiable in their desire for profits. Not content with the normal influx of Californians, they operate bus lines from this state's major cities to swell the take. All of which contributes to the Tahoe basin's pollution problem.

There is little possibility that Nevada will ban gambling in the Tahoe area, and thus solve both the pollution and the transportation problem. Consequently, the taxpayers of California are being forced to pick up the tab for the construction of new roads to provide easy access to the casinos, and for the erection of facilities to handle the sewage disposal problem. Now with entry of the federal government into the picture, the taxpayers of the entire nation may be clipped through appropriation of federal funds to subsidize the gamblers.

## Company Officials

new north-south split. Talley will diect all activities from Glenbrook south around the lake to Emerald Bay. Giovannoni's territory extends from Emerald Bay north to Tahoe City and around the north shore to Glenbrook.

The new district manager also will oversee 31 employees and all Sierra Pacific activities in the Truckee Donner Lake area, absorbing the old Truckee District.

The new headquarters building at Tahoe Vista will allow the utility to concentrate its facilities, storage and local administrative offices at one site. The Tahoe City office will be phased out as the new building opens.

Giovannoni, 46 is a native of Truckee and until his promotion was assistant district manager for the Truckee District.

He joined Sierra Pacific in 1938 as a laborer after graduation from Truckee High School. Giovannoni received specialized electrical training at the University of Missouri in 1943 while serving in the U. S. Navy. He served in the Pacific Theater in World War II and was released from service in November 1944 as an Electrician's Mate 1C.

Giovannoni is immediate past president of the Truckee Lions Club, a director of the chamber of commerce and a member of the American Legion and Elks Lodge. His wife, Melba, is an officer with Bank of America.

Tonini, 56, was born at Boca, Calif., and reared in Truckee as was Giovannoni. He attended Truckee schools and Heald's Business College. He started with Sierra Pacific as a laborer in Truckee in 1928, served with the U. S. Navy in the Pacific in World War II and was released from service in 1945 as an Electrician's Mate 1C. Tonini is a member and past director of the Tahoe City Rotary Club. His wife, Fern, operated Schlueter's Lodge at Tahoe City for 20 years.

Both men worked their way up through the ranks of Sierra Pacific and in 1964 Tonini was named an electrical superintendent and Giovannoni became an assistant district manager.

Eugene Gini, another Truckee native, was assigned to be Giovannoni's assistant. Gini joined Sierra Pacific as a lineman apprentice in 1948 and was serving as assistant to the district manager at Truckee until today's shift in personnel.

velopment, with new hangars, enlarged runways, parking areas and many other improvements.

Currently the field is very active with from 15 to 20 gliders utilizing the facilities weekly and more than 60 planes arriving and taking off each weekend — many being permanently based there.

There are a number of projects in the making, which may be continued under the sponsorship of the Truckee Hi-Flyers, such as a small recreation area and other conveniences and accommodations for fliers.

Jack Ellis has taken over as coordinator for the North Lake Tahoe and Truckee chambers of commerce in handling the program for the scheduled flights of airliners, a duty being relinquished by Creglow, who inaugurated the flights with the assistance of the aviation committees of both chambers.

The board of directors will soon start screening applications for a replacement for Creglow, it was announced.

Both Mr. and Mrs. Creglow have been active in the community life of the district and will be missed by their many friends, who will wish them well in their new undertaking.

### CANCER DRESSING MEET

The next meeting of the Truckee Cancer Dressing Sttaion will be held at the high school from 1 to 3 p.m. on July 27. Everyone is invited to assist in this worthy cause.

**Recovering —**

Mrs. Doyle McGwinn is reported to be convalescing at home following surgery at Tahoe Forest Hospital. Her friends wish her an early recovery.

The regular monthly health clinic will be held Friday, July 22, at the Nevada County Government Center in Gateway from 12 noon to 1:00 p.m.

**Rablin Visitors—**

Mr. and Mrs. John Rablin of Roseville and Truckee have had as their out of town guests this summer Mr. and Mrs. Jay Rablin and sons, Mark and Matthew, of Colusa where Jay is a teacher. He is presently taking a summer course at Chico State College.

### VETERANS SERVICE

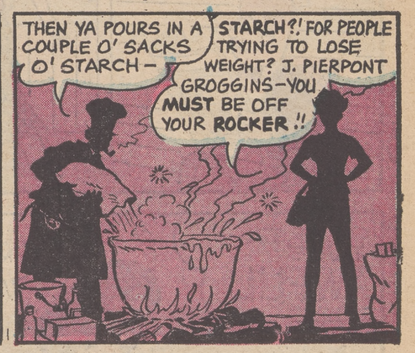
POP!! WHAT'S THAT (UGH) MESS YOU'RE COOKING UP?
I'M LATCHIN' ON T'A GOOD THING, SUE. WITH EVERY HUMAN GOIN' ON A DIET T' LOSE WEIGHT, I'M PLANNIN' T' PRODUCE GROGGINS' GUMBO IN MASS!

GROGGINS' GUMBO IS FROM A RECIPE HANDED DOWN FROM FATHER T' SON. IN ADDITION TO HUNKS O' RAW CABBAGE SLIGHTLY DECAYED YER ADDS A COUPLE O' SHOVELS O' HAM FAT...
HAM FAT?!



THEN YA POURS IN A COUPLE O' SACKS O' STARCH—
STARCH?! FOR PEOPLE TRYING TO LOSE WEIGHT? J. PIERPONT GROGGINS—YOU MUST BE OFF YOUR ROCKER!!

THEY LAUGHED AT EDISON AN' MARCONI, TOO—
IT NOT ONLY PROBABLY TASTES HORRIBLE BUT (SNIFF! SNIFF!)...

by EDGAR RICE BURROUGHS

DID YOU HEAR A SPLASH?

HO! IT IS ONLY GIMLA, THE CROCODILE!

UH, OH! THAT WAS A SHOT... DID STRYKER'S GUARDS SPOT ME?

THEY KILLED A CROC!... GOOD!... SAVED ME THE TIME AND TROUBLE...

AND IT'S GOING TO COME BACK TO HAUNT THEM!

WITH SKILLED HANDS, TARZAN QUICKLY SKINS THE SAURIAN—JUST AS HE HAD LONG AGO...
